Who Are We ?

How we are different?

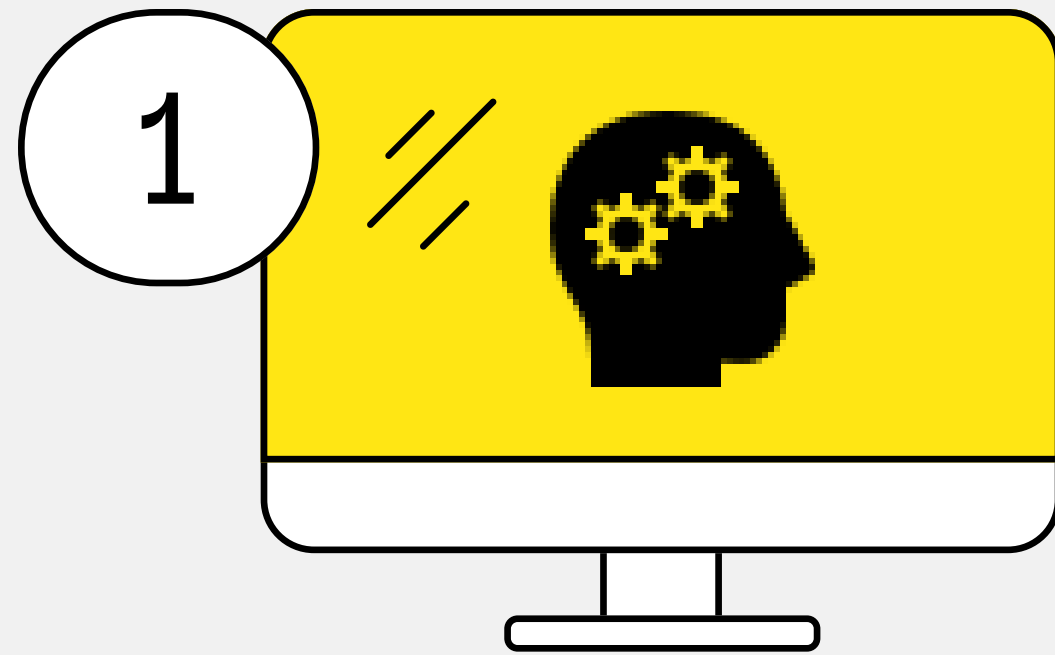

- Eliminate Certification Mentality
- Project Based Learning
- Choosing Your Own Tutor Out Of 100s
- Build Your Tech Bros Network
- Bring Your Ideas To Reality
- Be Unique Among Millions Of Techies

Percentage Of Student Get Placed From E-Learning

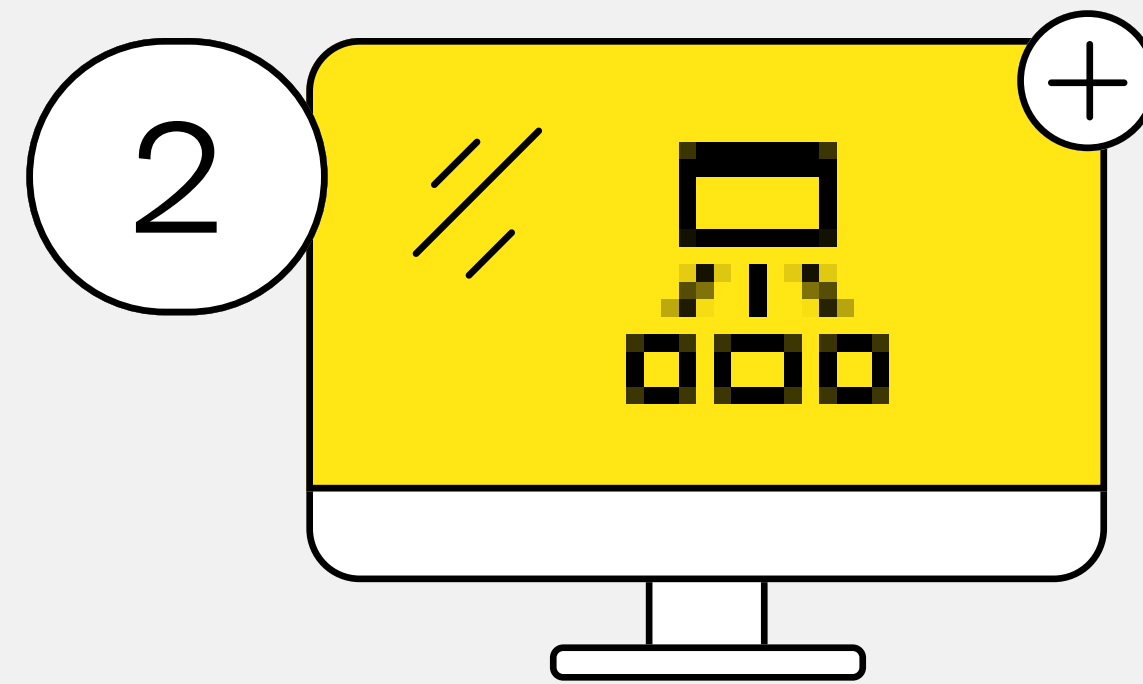

We're
in a mission:
You'll say 'Knowledge
Over Certificate'

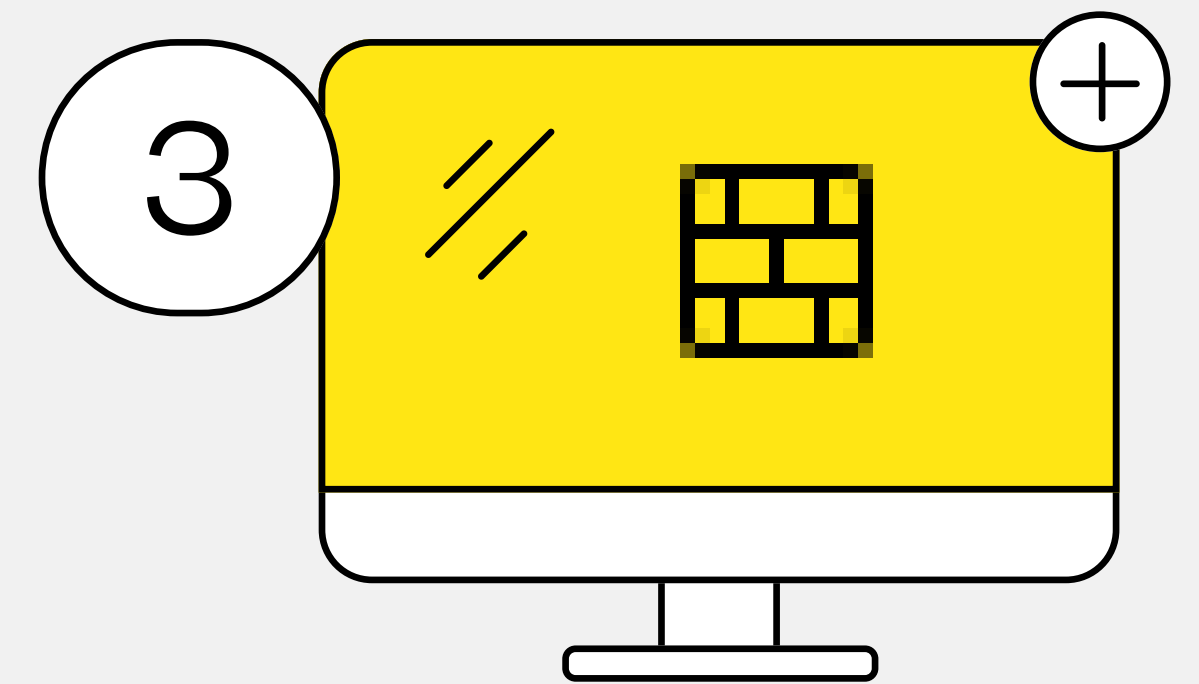

Here's how we works, in 3 simple steps.

LEARN - Learn from good industry experts by your choice or by our choice. Your choice when 1-1. Our choice when you are in group.

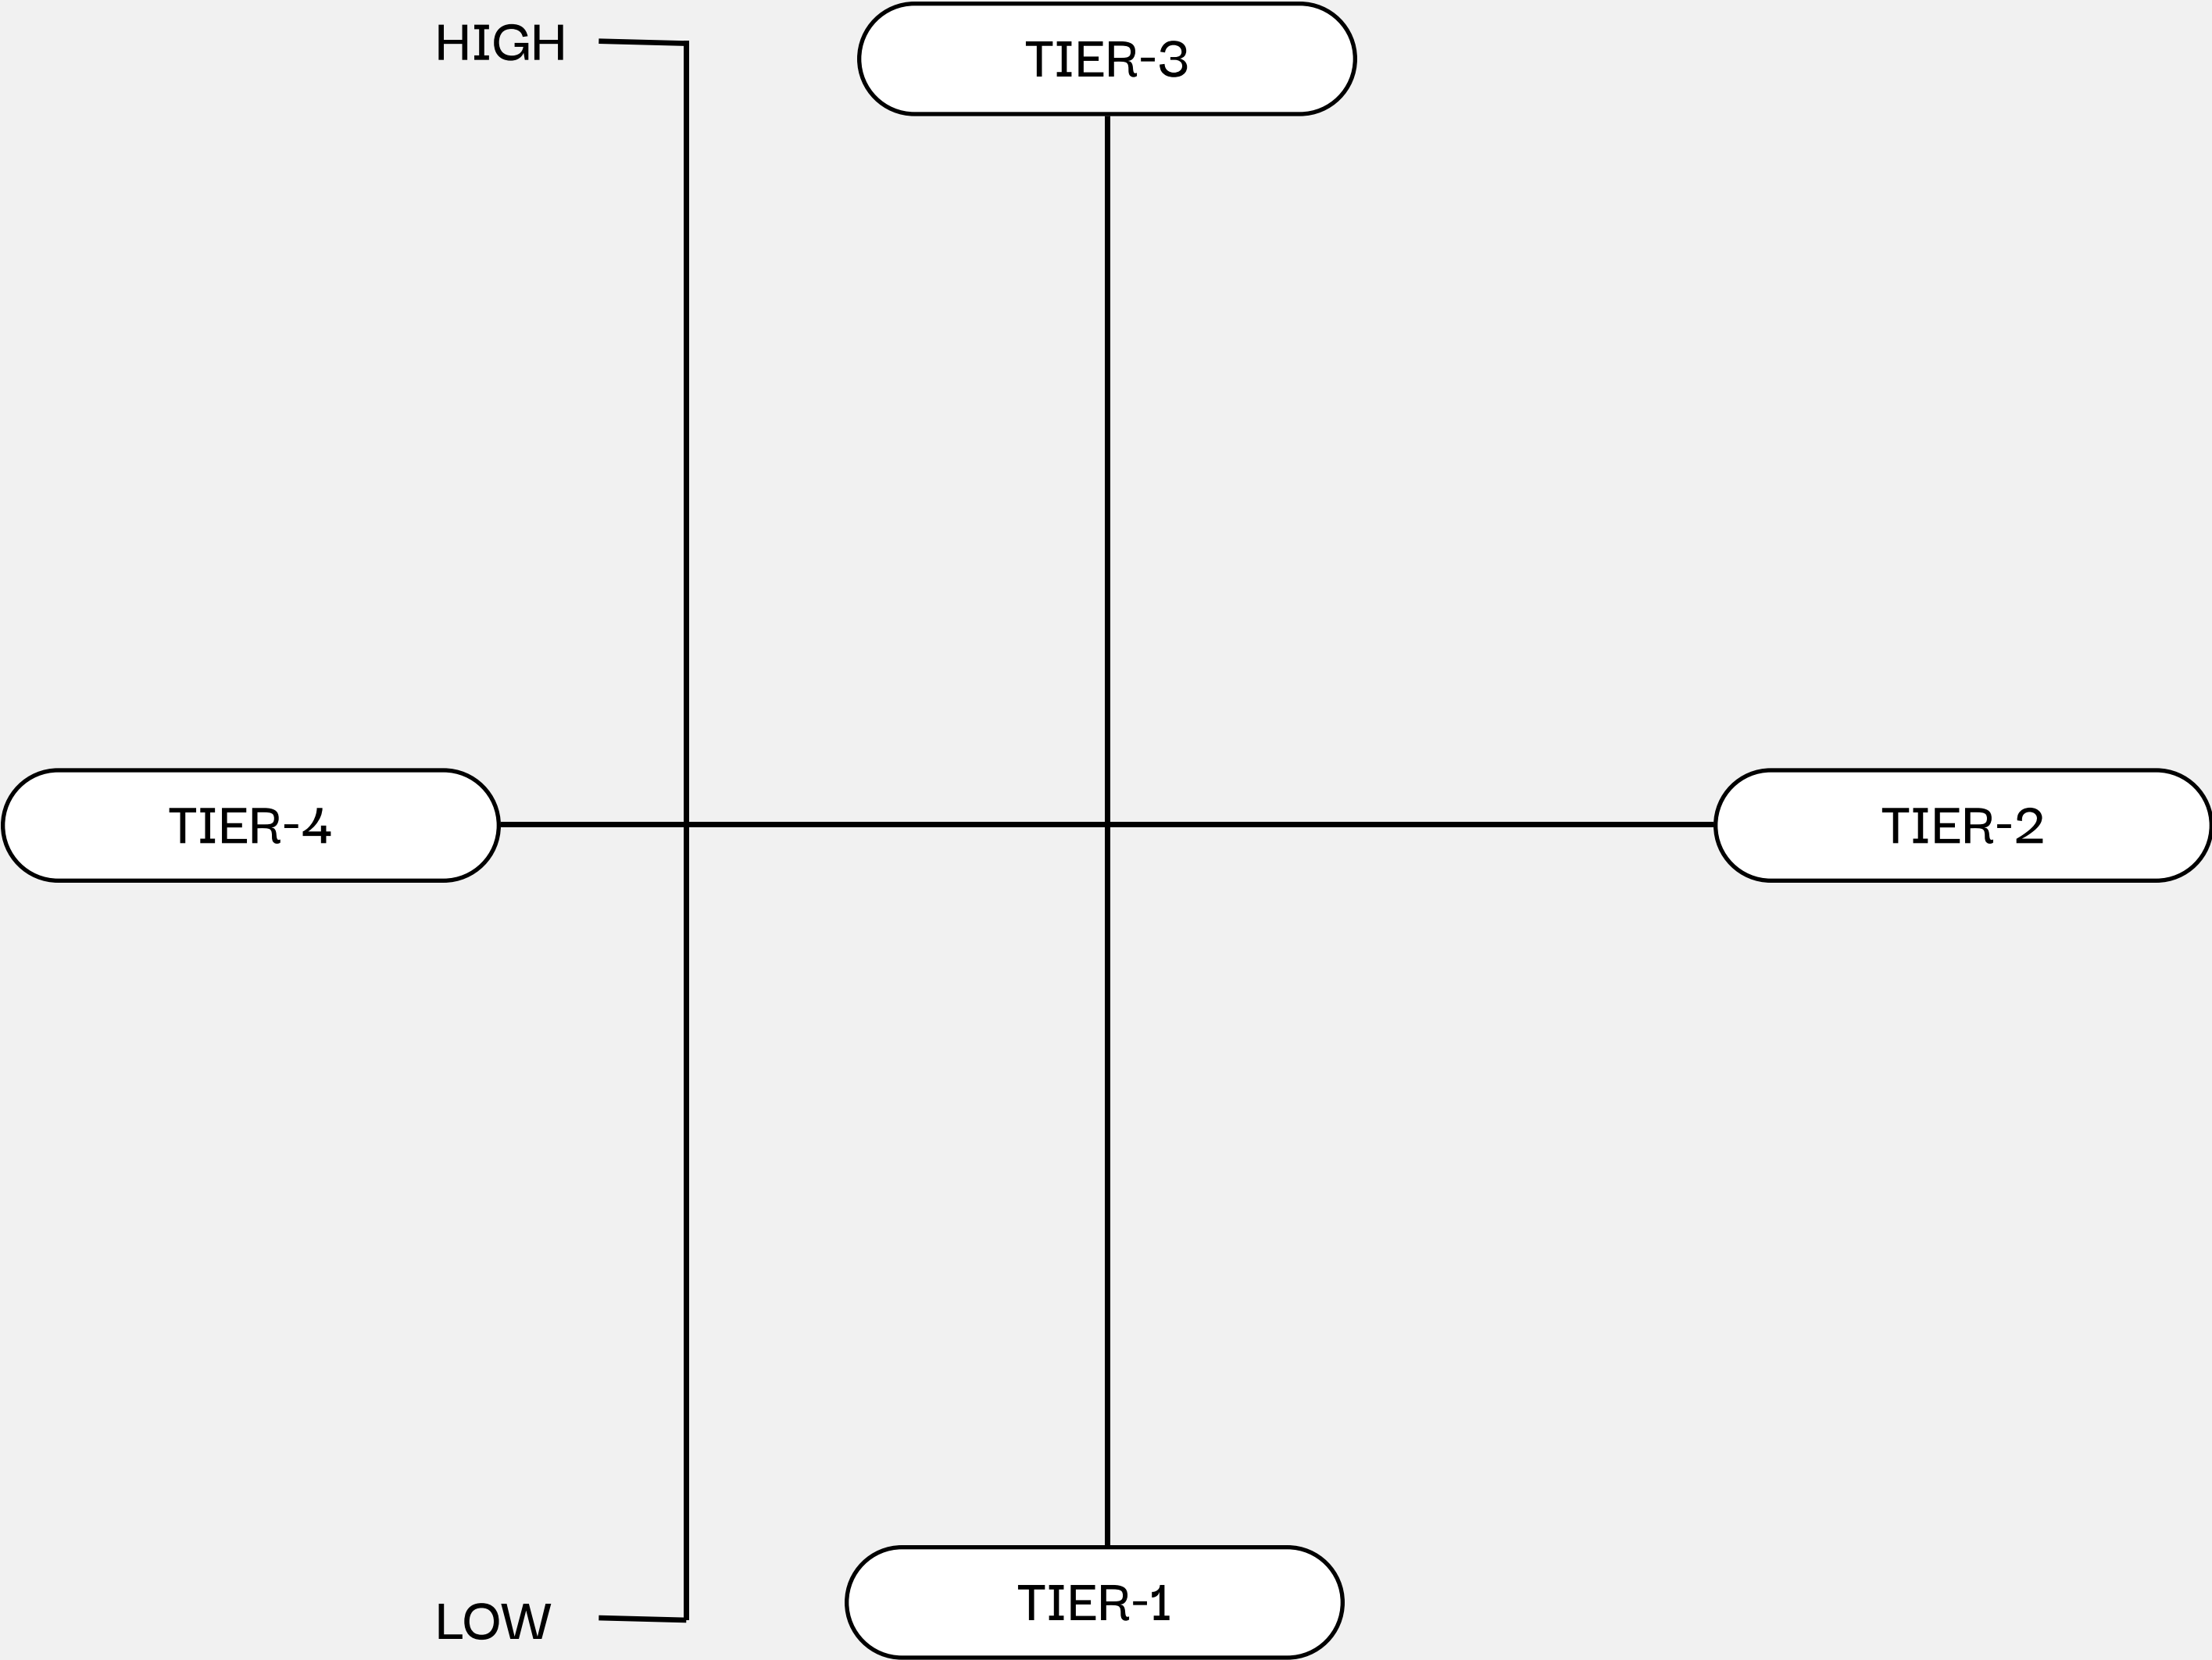

NETWORK: We will help you to get into your minded environment by connecting you with them. Environment matters when it comes to success.

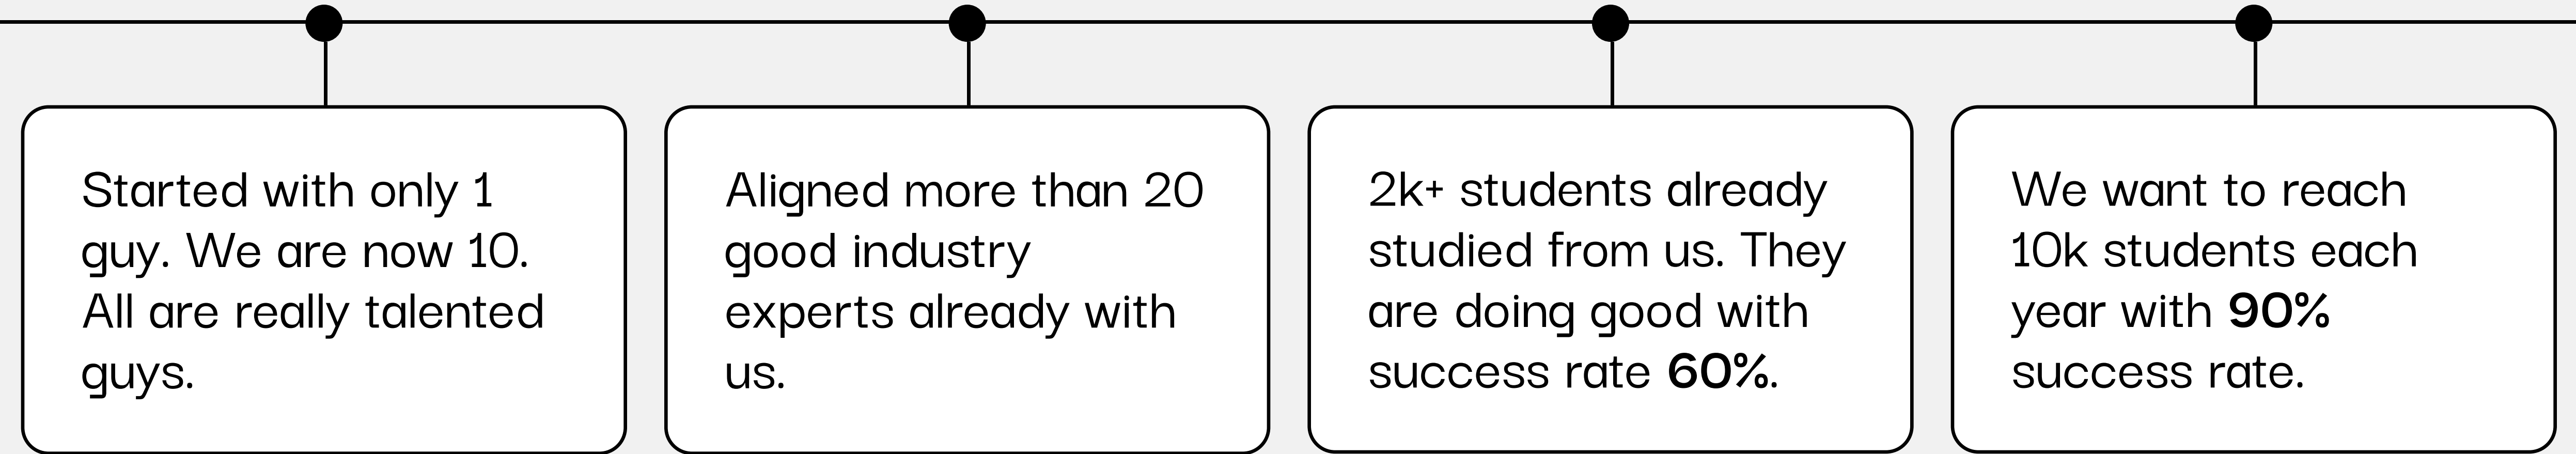

BUILD: Bring your ideas to reality without any hesitation. Our Building team will help in every way possible. Small idea can become reality now.

Top most priority
students/techies
for us

Here's how we go to where we are today.

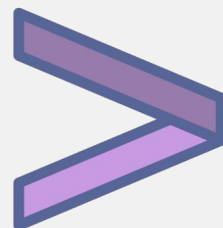

Started with only 1 guy. We are now 10. All are really talented guys.

Aligned more than 20 good industry experts already with us.

2k+ students already studied from us. They are doing good with success rate **60%**.

We want to reach 10k students each year with **90%** success rate.
